Subject: Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS)

Dear Valued Customer,

Based on the information provided by our raw material suppliers, the wire products used in the manufacture of springs and wire forms supplied by Minuteman Spring Company, Inc. do not contain PFAS (Perfluoroalkyl and Polyfluoroalkyl) substances.

Our primary wire suppliers, Industrial Steel & Wire Company and Gibbs Wire & Steel, have confirmed to us that their wire products are PFAS-free. Supporting documentation from our suppliers is maintained on file and is available upon request.

Sincerely,

Authorized Signature
